Policy on CCMG Committees

It is understood that:

1. All CCMG committees, including ad hoc committees, must have explicit committee membership.

2. CCMG committee meetings, whether in person, by teleconference or by web conference, are closed to those who are not recognized members of the committee.

3. Committee Chairs have discretion to invite non-members to meetings where reasonable rationale exists. If these invitations are extended, there must be anticipated benefit to the CCMG, not only to the invitee(s).

4. Invitee(s) are not entitled to vote on committee items.
